

## River Danube Wish List

This is a *Dream wish list*, it's a lot to ask for, but..... We have prioritised some things between us, with dead lines where we will have to buy them ourselves if they haven't arrived in time.

### In General:

- Open canoes and paddles! Gareth thought he had a deal, but it fell through with the market collapse, though we have been offered trade price, so perhaps another sponsor may help out here, and they could be auctioned off afterwards for the charities again. Two 18ft canoes would be perfect, folding if possible, though we have to be realistic!
- Dry Bags / boxes and drums – anything to keep stuff dry
- Cooking equipment for camping
- Water purifying equipment and/or tablets
- Rations – food supplies
- Eastern European language dictionary!
- Any appropriate clothing – thermals waterproofs, shoes, waterproof socks etc
- Pilot book
- Wind up head torches
- Insect (and bear?!) repellent
- Camping cookers and equipment,
- Money and items to auction off for the charities, anyone can donate something here

**In aid of Cancer Research  
and The Cornish Hospices**
